HOUSE BILL 776

47TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2005

INTRODUCED BY

Debbie A. Rodella

FOR THE ECONOMIC AND RURAL
DEVELOPMENT AND TELECOMMUNICATIONS COMMITTEE

AN ACT

RELATING TO TELECOMMUNICATIONS; AMENDING SECTIONS OF THE RURAL
TELECOMMUNICATIONS ACT OF NEW MEXICO TO PROVIDE FOR THE STATE
RURAL UNIVERSAL SERVICE FUND; DECLARING AN EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 63-9H-6 NMSA 1978 (being Laws 1999,
Chapter 295, Section 6) is amended to read:

"63-9H-6. STATE RURAL UNIVERSAL SERVICE FUND--
ESTABLISHMENT [~~BOARD~~]. --

A. No later than January 1, 2000, the commission
shall implement a "state rural universal service fund" to
maintain and support at affordable rates those public
telecommunications services as are determined by the
commission. All of the balances in the existing New Mexico
universal service fund as of July 1, 1999 shall be transferred

underscoring material = new
[bracketed material] = delete

underscored material = new
[bracketed material] = delete

1 into the state rural universal service fund.

2 B. The fund shall be financed by a surcharge on
3 ~~[all]~~ intrastate retail public telecommunications services
4 ~~[revenue]~~ to be determined by the commission, excluding
5 ~~[revenue from]~~ services provided pursuant to a low-income
6 telephone assistance plan billed to end-user customers by a
7 telecommunications carrier, and excluding ~~[from revenue]~~ all
8 amounts from surcharges, gross receipts taxes, excise taxes,
9 franchise fees and similar charges. For the purpose of funding
10 the fund, the commission has the authority to apply the
11 surcharge on ~~[all]~~ intrastate retail public telecommunications
12 services provided by telecommunications carriers and to
13 comparable retail alternative services provided by
14 telecommunications carriers ~~[and non-telecommunications~~
15 ~~carriers]~~, including commercial mobile radio services,
16 ~~[operator services and aggregator services, offered by~~
17 ~~providers other than telecommunications carriers]~~ at a
18 competitively and technologically neutral rate or rates to be
19 determined by the commission. In prescribing competitively and
20 technologically neutral surcharge rates, the commission may
21 make distinctions between services subject to a surcharge, but
22 it shall require ~~[telecommunications]~~ all carriers ~~[and non-~~
23 ~~telecommunications carriers]~~ subject to the surcharge to apply
24 uniform surcharge rates for the same or comparable services.
25 Money deposited in the fund is not public money, and the

. 154664. 2

underscored material = new
[bracketed material] = delete

1 administration of the fund is not subject to the provisions of
2 law regulating public funds. The commission shall not apply
3 surcharges to a private telecommunications network.

4 C. The fund shall be competitively and
5 technologically neutral, equitable and nondiscriminatory in its
6 collection and distribution of funds, portable between eligible
7 telecommunications carriers [~~targeted to high-cost rural areas~~]
8 and additionally shall provide a specific, predictable and
9 sufficient support mechanism as determined by the commission
10 that reduces [~~implicit subsidies, including~~] intrastate
11 switched access charges to interstate switched access charge
12 levels in a revenue-neutral manner and ensures universal
13 service in the state.

14 D. The commission shall:

15 (1) establish eligibility criteria for
16 participation in the fund consistent with federal law that
17 ensure the availability of service at affordable rates [~~without~~
18 ~~unreasonably increasing rates for basic service while still~~
19 ~~granting eligible telecommunications carriers a reasonable~~
20 ~~profit on supported services in geographic areas requiring~~
21 ~~support from the fund, but the eligibility criteria shall not~~
22 ~~require any investigations of the costs or rates of a~~
23 ~~telecommunications carrier receiving support from the fund~~
24 ~~other than that provided for in Subsection E of this section].~~
25 The eligibility criteria shall not restrict or limit an

. 154664. 2

underscored material = new
[bracketed material] = delete

1 eligible telecommunications carrier from receiving federal
2 universal service support;

3 (2) provide for the collection of the
4 surcharge on a competitively neutral basis and for the
5 administration and disbursement of money from the fund;

6 (3) determine those ~~[geographic areas and~~
7 ~~local exchange]~~ services requiring support from the fund; ~~[and]~~

8 (4) provide for the separate administration
9 and disbursement of federal universal service funds consistent
10 with federal law; and

11 (5) establish affordability benchmark rates
12 for local residential and business services that shall be
13 utilized in determining the level of support from the fund.
14 The process for determining subsequent adjustments to the
15 benchmark shall be established through a rulemaking.

16 E. All incumbent telecommunications carriers and
17 competitive carriers already designated as eligible
18 telecommunications carriers for the fund shall be eligible for
19 participation in the fund. All other carriers that choose to
20 become eligible to receive support from the fund may petition
21 the commission to be designated as an eligible
22 telecommunications carrier for the fund. The commission may
23 grant eligible carrier status to a competitive carrier in a
24 rural area upon a finding that granting the application is in
25 the public interest. In making a public interest finding, the

. 154664. 2

underscored material = new
[bracketed material] = delete

1 commission shall consider at least the following items:

2 (1) whether granting eligible carrier status
3 to multiple carriers in a designated area is likely to result
4 in more customer choice;

5 (2) the impact of designation of an additional
6 eligible carrier on the size of the fund;

7 (3) the unique advantages and disadvantages of
8 the competitor's service offering;

9 (4) any commitments made regarding the quality
10 of telephone service; and

11 (5) the competitive carrier's willingness and
12 ability to offer service throughout the designated service
13 areas within a reasonable time frame.

14 ~~[E.] F. The commission shall adopt rules, including~~
15 ~~a provision for variances, for the implementation and~~
16 ~~administration of the fund in accordance with the provisions of~~
17 ~~this section no later than November 1, 2005. [The cost basis~~
18 ~~for establishing the fund and determining the rate of~~
19 ~~distribution of the fund for areas served by an incumbent rural~~
20 ~~telecommunications carrier shall be the same cost of and shall~~
21 ~~be consistent with the federal support mechanisms for providing~~
22 ~~the supported service by geographic area, determined by the~~
23 ~~federal communications commission. The cost basis established~~
24 ~~by the commission for areas served by incumbent rural~~
25 ~~telecommunications carriers shall include the same return~~

. 154664. 2

underscored material = new
[bracketed material] = delete

1 ~~authorized by the federal communications commission for use in~~
2 ~~rates filed by the national exchange carriers association, or~~
3 ~~its successor, at the federal communications commission for~~
4 ~~member carriers. The revenue basis for rural~~
5 ~~telecommunications carriers with fewer than fifty thousand~~
6 ~~access lines shall include only revenues from public~~
7 ~~telecommunications services provided by the eligible~~
8 ~~telecommunications carrier.~~

9 F.] G. The commission shall, upon implementation of
10 the fund, select a neutral third party administrator to
11 collect, administer and disburse money from the fund under the
12 supervision and control of the commission pursuant to
13 established criteria and rules promulgated by the commission.
14 The administrator may be reasonably compensated for the
15 specified services from the surcharge proceeds to be received
16 by the fund pursuant to Subsection B of this section. [The
17 administrator shall consult with an advisory board established
18 by the commission composed of representatives from all
19 participating providers and the attorney general or one other
20 customer representative, provided that the total number of
21 individual representatives on the advisory board shall not
22 exceed thirteen.] For purposes of this subsection, the
23 commission shall not be a neutral third party administrator.

24 [G.] H. The fund established by the commission
25 shall ensure the availability of local [exchange]

underscored material = new
[bracketed material] = delete

1 telecommunications service as determined by the commission at
2 affordable rates in rural high cost areas of the state.

3 I. Beginning April 1, 2006, the commission shall
4 commence the phase-in of reductions in intrastate switched
5 access charges. By May 1, 2008, the commission shall ensure
6 that intrastate switched access charges are equal to interstate
7 switched access charges established by the federal
8 communications commission as of January 1, 2006. Nothing in
9 this section shall preclude the commission from considering
10 further adjustments to intrastate switched access charges based
11 on changes to interstate switched access charges after May 1,
12 2008.

13 [~~H.~~] J. To ensure that providers of intrastate
14 [~~long distance~~] retail telecommunications service contribute to the
15 fund and to further ensure that the surcharge to be paid by the
16 end-user customer will be held to a minimum, no later than
17 [~~December 31, 1999~~] November 1, 2005, the commission shall
18 adopt rules, or take other appropriate action, to require all
19 such providers to participate in a plan to ensure accurate
20 reporting. [~~of intrastate retail long distance revenues~~

21 ~~I. Upon commission action to replace implicit~~
22 ~~subsidies with explicit subsidies, the commission shall reduce~~
23 ~~in a revenue-neutral basis rates for intrastate~~
24 ~~telecommunications services, other than basic local exchange~~
25 ~~service, excluding rates affected by the low-income telephone~~

. 154664. 2

underscored material = new
[bracketed material] = delete

1 ~~assistance program, in an amount equal to payments received by~~
2 ~~a rural telecommunications carrier from the fund.]~~

3 K. The commission shall authorize payments from the
4 fund to incumbent local exchange carriers in combination with
5 revenue-neutral rate rebalancing up to the affordability
6 benchmark rates, in an amount equal to the reduction in
7 revenues that occurs as a result of reduced intrastate switched
8 access charges. The commission shall determine the methodology
9 to be used to authorize payments to all other carriers that
10 apply for and receive eligible carrier status. Any reductions
11 in charges for access services resulting from compliance with
12 this section shall be passed on for the benefit of consumers in
13 New Mexico.

14 L. In a rate proceeding filed pursuant to
15 Subsection F of Section 63-9H-7 NMSA 1978, the commission may
16 also authorize payments from the fund to incumbent rural
17 telecommunications carriers serving in high-cost areas of the
18 state that have reduced access charges upon a finding by the
19 commission that such payments are needed to ensure the
20 widespread availability and affordability of residential local
21 exchange service.

22 M. By December 1, 2008, the fund administrator
23 shall make a report to the commission and the legislature. The
24 report shall include the effects of access reductions. The
25 report shall also make recommendations for any changes to the

. 154664. 2

underscored material = new
[bracketed material] = delete

1 structure, size or purposes of the fund."

2 Section 2. Section 63-9H-7 NMSA 1978 (being Laws 1999,
3 Chapter 295, Section 7) is amended to read:

4 "63-9H-7. REGULATION OF RETAIL RATES OF INCUMBENT RURAL
5 TELECOMMUNICATIONS CARRIER. --

6 A. Rates for retail rural public telecommunications
7 services provided by an incumbent rural telecommunications
8 carrier shall be subject to regulation by the commission only
9 in the manner and to the extent authorized by this section.

10 B. An incumbent rural telecommunications carrier
11 shall file tariffs for all retail public telecommunications
12 services, other than residential local exchange service, which
13 shall be effective after ten days' notice to the commission and
14 publication in a local newspaper in the incumbent service area.
15 An incumbent rural telecommunications carrier shall remain
16 subject to complaint by an interested party subject to Section
17 [~~10 of the Rural Telecommunications Act of New Mexico~~] 63-9H-10
18 NMSA 1978.

19 C. Rates for residential local exchange service may
20 be increased by an incumbent rural telecommunications carrier
21 only after sixty days' notice to all affected subscribers. The
22 notice of increase shall include:

- 23 (1) the reasons for the rate increase;
24 (2) a description of the affected service;
25 (3) an explanation of the right of the

underscored material = new
[bracketed material] = delete

1 subscriber to petition the commission for a public hearing on
2 the rate increase;

3 (4) a list of local exchange areas that are
4 affected by the proposed rate increase; and

5 (5) the dates, times and places for the public
6 informational meetings required by this section.

7 D. An incumbent rural telecommunications carrier
8 may increase its rates for residential local exchange service
9 in the manner otherwise provided in this section as necessary
10 to recover a reasonable allocation of costs incurred due to
11 requirements imposed by any federal or state law or rule. An
12 incumbent rural telecommunications carrier that proposes to
13 increase its rates for residential local exchange service shall
14 hold at least one public informational meeting in each public
15 regulation commissioner's district as established by the Public
16 Regulation Commission Apportionment Act in which there is a
17 local exchange area affected by the rate change.

18 E. Residential local exchange service rates
19 increased by [a] an incumbent rural telecommunications carrier
20 pursuant to Subsection D of this section shall be reviewed by
21 the commission only upon written protest signed by two and one-
22 half percent of all affected subscribers or upon the commission
23 staff's own motion for good cause. The protest shall
24 specifically set forth the particular rate or charge as to
25 which review is requested, the reasons for the requested review

. 154664. 2

underscored material = new
[bracketed material] = delete

1 and the relief that the persons protesting desire. If a proper
2 protest is presented to the commission within sixty days from
3 the date notice of the rate change was sent to affected
4 subscribers of an incumbent rural telecommunications carrier,
5 the commission may accept and file the complaint and, upon
6 proper notice, may suspend the rates at issue during the
7 pendency of the proceedings and reinstate the rates previously
8 in effect and shall hold and complete a hearing thereon within
9 ninety days after filing to determine if the rates as proposed
10 are fair, just and reasonable. The commission may, within
11 sixty days after close of the hearing, enter an order adjusting
12 the rates at issue, except that the commission shall not set
13 any rate below the intrastate cost of providing the service,
14 [~~that will include cost and rate of return in accordance with~~
15 ~~Subsection E of Section 6 of the Rural Telecommunications Act~~
16 ~~of New Mexico]~~ which shall include the cost methodology and
17 rate of return authorized by the federal communications
18 commission. In the order, the commission may order a refund of
19 amounts collected in excess of the rates and charges as
20 approved at the hearing, which may be paid as a credit against
21 billings for future services. If the complaint is denied, the
22 commission shall enter an order denying the complaint within
23 sixty days after the close of the hearing, and the rates shall
24 be deemed approved. For purposes of this section, cost shall
25 also include a reasonable amount of joint and common costs

. 154664. 2

underscored material = new
[bracketed material] = delete

1 incurred by the telecommunications carrier in its operations
2 and may include other accounting adjustments authorized by the
3 commission.

4 F. [A] An incumbent rural telecommunications
5 carrier that serves less than five percent of the state's
6 aggregate statewide subscriber lines may at any time elect to
7 file an application with the commission requesting the
8 commission to prescribe fair, just and reasonable rates for the
9 carrier based on the carrier's revenue, expenses and investment
10 in accordance with traditional rate-making principles.

11 G. Rates for local exchange, vertical and long
12 distance service to retail end-user customers may be reduced to
13 a level equal to, but not below, the intrastate cost, which
14 shall include ~~[cost and rate of return pursuant to Subsection E~~
15 ~~of Section 6 of the Rural Telecommunications Act of New Mexico]~~
16 the cost methodology and rate of return authorized by the
17 federal communications commission. If an incumbent rural
18 telecommunications carrier loses its exemption pursuant to
19 Section 251 of the federal act, the rate for a service,
20 excluding basic service, must cover the cost of the service,
21 including the imputed rate of wholesale service elements as may
22 be required by the commission. The cost of long distance
23 service must also include any interexchange access rates
24 charged to another telecommunications carrier for the service.

25 H. An incumbent rural telecommunications carrier

underscored material = new
[bracketed material] = delete

1 operating pursuant to this section shall have the ability to
2 offer or discontinue offering special incentives, discounts,
3 packaged offerings, temporary rate waivers or other promotions,
4 or to offer individual contracts."

5 Section 3. ~~EMERGENCY.~~ --It is necessary for the public
6 peace, health and safety that this act take effect immediately.
